The Royal  
Society for  
the Blind

## Our service

Since 1884, the RSB has been providing employment for South Australians who are blind or vision impaired. Today, our Industrial Services site at Gilles Plains employs a large number of dedicated and highly motivated people.

Our goal is to provide your business with efficient, cost effective and high quality solutions that will save you time and money.

## Assembly and packaging

The RSB Industrial Services site is specially equipped to provide assembly and packaging services, incorporating our clean room facility. No job is too big or small for the RSB to produce on time and to your complete satisfaction.

At the RSB, we thrive on meeting our customers needs and supplying a quality product.

## Thermoforming

The RSB offers a complete service for thermoformed (vacuum) and pressure formed products, including clamshells, food grade containers and folded and heat sealed blisters.

We know you will be happy with the end result because we supply you with a prototype before production commences.

## The complete solution

The RSB's wide range of assembly and packaging services include:

- manual bag and box filling
- sorting
- collating and labelling
- shrink-wrap packaging
- heat sealing
- blister packaging
- die cutting
- sonic welding
- thermoforming (vacuum) and pressure forming

We are experienced working with thin and thick gauge materials including PVC, HIPS and ABS.

## **Supporting our vision**

As a customer of RSB Industrial Services, you are providing secure employment opportunities for South Australians who are blind or vision impaired. Our people are our focus and our greatest asset. They are fully equipped with the skills and capabilities to carry out your job, with the degree of professionalism and expertise that you would expect for your business.

## **Quality assurance**

All services are supported by a quality system that is accredited to the International Standards AS/NZS and Hazard Analysis Critical Control Points (HACCP) Food Safety Management.
